

PRIVACY POLICY

This is to inform you of the due information on data processing purposes and methods as well as on the communication and disclosure of the data you provided to Visio-Tek (hereinafter also referred to as only "Company") for your participation on website www.visio-tek.net (hereinafter also referred to as only "Site").

The purpose and length of data processing are strictly related to you Site participation. The Company may use the data you provided for all the purposes tied to your participation, including the possibility of providing you access to all the services offered on the site. The Company reserves the right to also use this data for all the other legal purposes associated with its business.

As needed, Visio-Tek has the right to modify this Privacy Policy following sector initiatives or variations concerning laws, IIP or Pertinent Data collection methods and use, services or technologies.

These variations are effective as of their publication by the Company on the Site.

By continuing to use the services offered by Visio-Tek after the publication of an updated Privacy Policy version, the user tacitly accepts the Privacy Policy with its changes.

Therefore, it is essential that the user periodically rereads the Privacy Policy to keep up with any changes. Should Visio-Tek substantially change IIP and Pertinent Data collection methods and use, single user IIP and Pertinent Data management shall still be subject to the Privacy Policy under which they were collected provided the user was informed and did not object to the change.

Specifically, the Company may:

a) process the data you provided to conduct analyses, market surveys and statistics on user satisfaction and preferences regarding the Company's services;

b) process the data you provided and those inferred by your navigation on the site to identify commercial profiles and use these for marketing, advertising, promotional and sales purposes; for this reason, the Company may use cookies, meaning portions of files saved by your computer to monitor your site navigation;

c) inform you of new Site features and, more generally, Company initiatives.

For processing purposes, as illustrated and within the limits of the above, all your data may also be disclosed to third parties, public or private, such as companies that conduct market surveys and statistics, companies that provide marketing, advertising, promotional and sales services.

Providing data and consent to the processing, communication and disclosure for the above purposes are mandatory for project participation. Any refusal to provide the required data or relevant processing, communication and disclosure consent shall deny project participation and the possibility of completing activities associated with the project. Your personal data shall be computer processed, both on and offline, by individuals specifically assigned by the Company such as Company employees, associates or consultants.

The Site may contain links that transfer you to other sites. Sites linked to www.visio-tek.net are not under the Company's control and may have privacy policies other than the one described herein. Consequently, the Company may not be deemed liable in any way for any violation of your privacy on sites other than www.visio-tek.net.

Furthermore, the Company may not be deemed liable in any way for any direct communication of your personal or sensitive or information of any other nature in Site sections dedicated to Forums.

The Company reserves the right to disclose the data you provided to any third party purchasers of the company or its branches.

You may exercise your rights, such as accessing, receiving indications on the source of the personal data, on the purposes and methods of processing, on the logic applied in the event electronic tools are employed for processing, on the identification data concerning the data controller and individuals or categories of individuals to whom or which the personal data may be communicated and who or which may get to know said data, the update, rectification, integration, cancellation, transformation and block of illicitly processed data – contacting the data controller at the addresses listed below:

The Data controller is Visio-Tek, contactable via e-mail at: info@visio-tek.net

This Privacy Policy may be subject to change. Any changes shall be published on this page.

COOKIE POLICY

At Visio-Tek, we want to ensure that your visit to our Web site is smooth, reliable and as useful to you as possible. To help us do this, we use cookies and similar technologies (together referred to as “cookies” in this policy).

We notify you about our use of cookies when you first visit our Web site, through a notification banner at the bottom of the page. By continuing to use the site, you consent to our use of cookies. However, you can change your cookie settings. Further information about managing your cookie settings is provided below.

What are cookies?

Cookies are small text files that are automatically placed on your computer or mobile device when you visit almost any Web site. They are stored by your Internet browser. Cookies contain basic information about your Internet use, but they do not normally identify you personally. Your browser sends these cookies back to the site every time you revisit it, so it can recognise your computer or mobile device and personalize and improve your site experience.

For instance, we use cookies on our Web site to remember your login details, so you don't have to re-enter them repeatedly during your visit to the site. Other cookies help us to understand what did and didn't interest you about our site, so we can provide you with features that are more relevant and useful to you next time you visit. We also use cookies to analyse how visitors use the site.

We work with third party advertisers to give you access to interesting and exciting travel content through our Web site. So, as well as setting some cookies ourselves – “first party cookies”, we also allow some advertisers who display advertisements on our site to set cookies, known as “third party cookies”. These cookies record information about your use of advertisements. This helps advertisers to show you advertisements that are more likely to interest you, limit the number of times you may see an advertisement and also to help to improve your online experience.

Please note that our use of any information we collect about you through your use of cookies is subject to our Privacy Policy, which is linked to from the bottom of every page.

What types of cookies do we use?

The cookies we use fall into 3 categories. These categories are described below.

Essential cookies

These cookies are necessary to help you access and move around our site and use all its features. Without these cookies, our website would not work properly and you would not be able to use certain important features. For example, we use a cookie to keep you logged in during your visit, so the site does not require you to log in repeatedly to access different pages. We also use essential cookies for fraud detection and prevention purposes.

Analytics and customisation cookies

At Visio-Tek, we want to make your experience on our website as helpful, smooth and as enjoyable as possible. We use cookies to help us understand how our website is being used and how we can improve your experience on it. This type of so-called “analytics” cookies can provide us with anonymous information to help us understand which parts of our Web site interest our visitors and if they experience any errors. We use these cookies to test different designs and features for our sites and we also use them to help us monitor how our visitors reach our sites.

We also use cookies to save your settings and preferences on our Web site, such as language preference and information you’ve previously entered when searching for travel options. Some customisation cookies are essential if you want to use certain features of the site.

Advertising cookies

Advertising cookies help ensure that the advertisements you see on our Web site are as relevant to you as possible. For example, some advertising cookies help select advertisements that are based on your interests. Others help prevent the same advertisement from continuously reappearing for you.

We also want to make it as easy as possible for you to share content from Visio-Tek with your friends through your favourite social networks. Social networking sites, such as Facebook, may set cookies that recognise you when you view content on our Web site and allow you to share content across both sites via the use of sharing settings. For further details, please see your social networking site’s terms of use and privacy policy.

Managing cookies

What happens if I don’t allow cookies?

If cookies aren’t enabled on your computer, tablet or mobile (“device”), your experience on the website may be limited (for instance, you may not be able to browse fully and freely or add products to your basket and purchase them).

How do I disable/enable cookies?

In order to disable/enable cookies from your device, you will need to do this via your Internet browser. We have explained how you may manage cookies on your computer via some of the main Internet browsers below. For information on how to manage cookies your tablet and/or mobile, please consult your documentation or online help files.

Google Chrome

- In the settings menu, select 'Show advanced settings' at the bottom of the page
- Select the 'Content settings' button in the privacy section
- The top section of the page that then appears tells you about cookies and allows you to set the cookies you want. It also allows you to clear any cookies currently stored.

Mozilla Firefox

- In the tools menu, select 'Options'
- Select the privacy tab in the options box
- From the dropdown choose, 'Use custom settings for history'. This will bring up the options for cookies and you can choose to enable or disable them by clicking the tickbox.

Internet Explorer 6+

- In the tools menu, select 'Internet options'
- Click the privacy tab
- You will see a privacy settings slider which has six settings that allow you to control the number of cookies that will be placed: Block All Cookies, High, Medium High, Medium (default level), Low, and Accept All Cookies.

Safari browser

- In the settings menu, select the 'Preferences' option
- Open the privacy tab
- Select the option you want from the 'Block cookies' section

All other browsers

For information on how to manage cookies via other browsers, please consult your documentation or online help files.

How do I disable/enable third party cookies?

Third party cookies are not placed by us. We would therefore suggest that you look at those third parties' websites for information about the cookies they place and how you can manage them.
